Soft surface for shoes slippers
socks

Smooth lining & soft design

Durable surface and under-
side relieved polyurethane

Effective relief

Soft smooth surface

Durable clothing

Discreet design

Ergomat Office - a workplace mat that is suitable for offices, shops, receptions in dry environments.

Provides benefits such as improved blood circulation as the feet parry the soft surface. The body builds up musculature, which over time prevents wear-and-tear injuries.

Elastic material that effectively relieves feet, knees, hips, back. Made of high quality polyurethane. Durable lining adapted for shoes, slippers and socks. Discreet design. Easy to keep clean and wipe with a damp cloth. Handles dirt and coarse dust. Soft beveled edge around the mat minimizes the risk of tripping.

- Size 820 x 520 mm.
- Height 18 mm.
- Low weight 1.6 kg.
- Color gray.
- Art 79431.
